LET YOUR DROOPY EYES WAKE TO THE MAGIC OF NATURE THAT IS GREEN, RELAXING AND FUN!

WHAT GAVE BIRTH TO THE LAZY PANDAS:

This dream of starting a company focussed on nature, trekking and adventure germinated in the minds of a duo who shared “Love for Green” and enjoyed exploring the unexplored since many years. What initially started as leisurely treks organized for nature enthusiastic travellers, soon became a professional organization that aimed to create more fellow adventure seekers who love minimalism and prefer to keep things clean while rejoicing in the lap of mother nature.

Our treks and camps cater to all age groups and ensure one thing with certainty – “Pure undiscovered bliss at great budget”. We continue to promote our belief that being one with nature is a lifestyle and not a one-time fling. And that's what keeps us and our clients going. Undying love for the greens that is here to stay for a lifetime!

DON'T LISTEN TO WHAT THEY SAY, GO SEE...!!

Our services best describe the above quote. We offer Treks and adventure camps to explore and experience. Don't just listen to others, come and book your destination with us and see it all by yourself.

Why people ❤️ THE LAZY PANDAS

I had an experience of my first Solo Trip to a campsite near Rajpipla. I must say the view was breathtaking. The food was amazing with a desi touch. The arrangements were fab and everything was well organized. I loved the scenic beauty around the waterfalls, the mornings were so cold. A complete package to have some time out from daily hustles and come back stronger. I loved the overall experience and looking forward to go back again...

The Lazy Pandas organise all nature camps and my experience had been amazing. It was my first solo trip as a female to a place and it turned out to be very safe and memorable one with comfortable travel, amazing views in the mist of nature, beach camp, camp fire at night, meal package. I am so happy to have come to know about it and would recommend to all.
